## HOW WE

### PERFORM

### OUR SERVICES

Because we consider every job to be unique, we always begin our working relationship with a *free*, custom, detailed estimate. Once we begin work on a typical project, we are usually able to complete it within a week's time. We maintain close working relationships with our customers by providing project time lines and reporting daily on project progress. We clean up after ourselves *every* day. And, of course, we have ultimate respect for our customers' privacy and property.

All the members of the Top Dawg team are knowledgeable, detail-oriented, and hard-working. We thoroughly enjoy working around people. In fact, we even occasionally play peek-a-boo with the baby or, of course, pet the dawg.
